

DEVELOPER GUIDE

Maxmoney Client Onboarding

A step-by-step procedure for capturing a new client on the Maxmoney NovaMesh platform.

CONFIDENTIAL — INTERNAL DEVELOPMENT USE ONLY

PLATFORM Maxmoney NovaMesh	ORGANISATION AM-Pay Fintech	AUDIENCE Development team
--------------------------------------	---------------------------------------	-------------------------------------

Purpose

This guide sets out the standard procedure for capturing a new client on the Maxmoney NovaMesh system — from the platform's welcome page through to a fully captured client record, including employment, financial, banking and supporting-document information.

IMPORTANT

Each client tab must be saved (using the **Save** button) before moving on to the next tab. Work that is not saved will be lost when you navigate away.

Procedure — at a glance

Eighteen steps, in order, take a new client from first contact on the platform to a fully captured record.

- | | |
|--|--|
| 01 Access the Maxmoney welcome page | 10 Complete the Payback tab |
| 02 Go to the login page | 11 Complete the Address tab |
| 03 Log in and select a branch | 12 Complete the Other Details tab |
| 04 Select a cash box | 13 Complete the References tab |
| 05 Open Client Administration | 14 Complete the Budgets tab |
| 06 Capture the client's general details | 15 Complete the Compuscan tab |
| 07 Complete the Employment tab | 16 Complete the Notes tab |
| 08 Complete the Financial tab | 17 Upload supporting documents |
| 09 Complete the Banking tab | 18 Take the client's picture |

01 Access the Maxmoney Welcome Page

Navigate to the Maxmoney URL in your browser. The welcome page below will be displayed.

Figure 1 — Maxmoney welcome page

02 Go to the Login Page

On the welcome page, click the house-and-heart icon to open the login page.

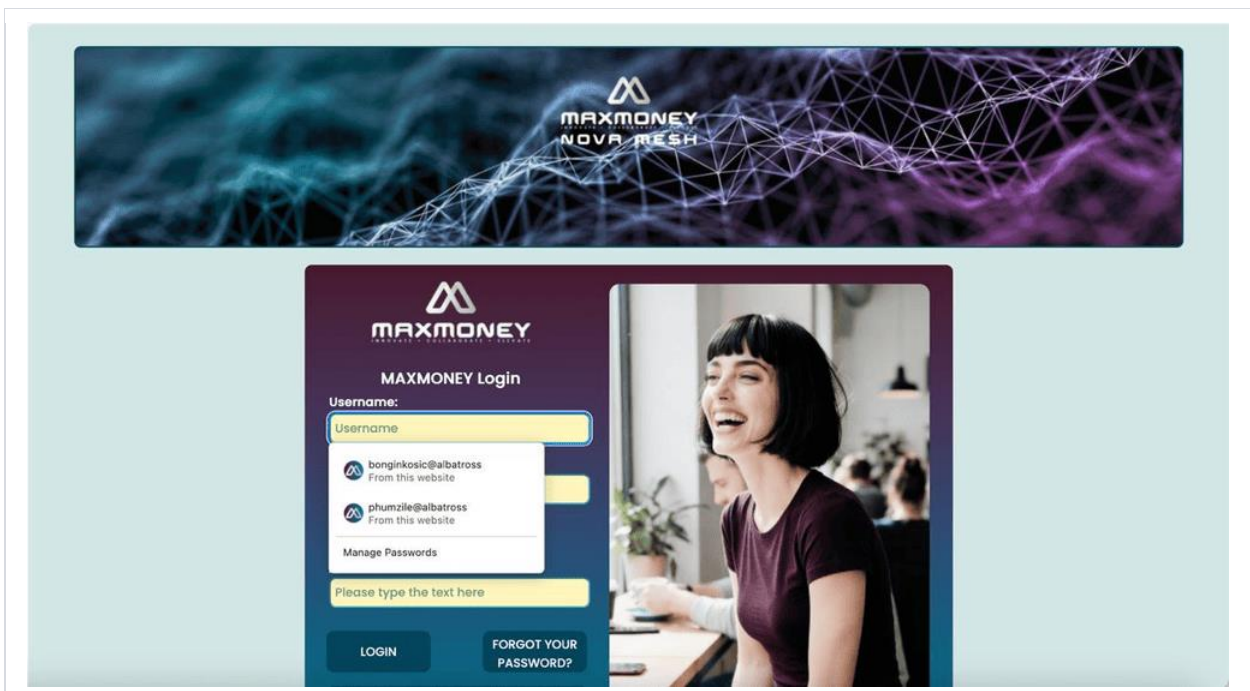

Figure 2 — Maxmoney login page

03 Log In and Select a Branch

Enter your credentials and log in. On the branch selection screen, select “Branch 1,” as this is our operating branch rather than the investor branch.

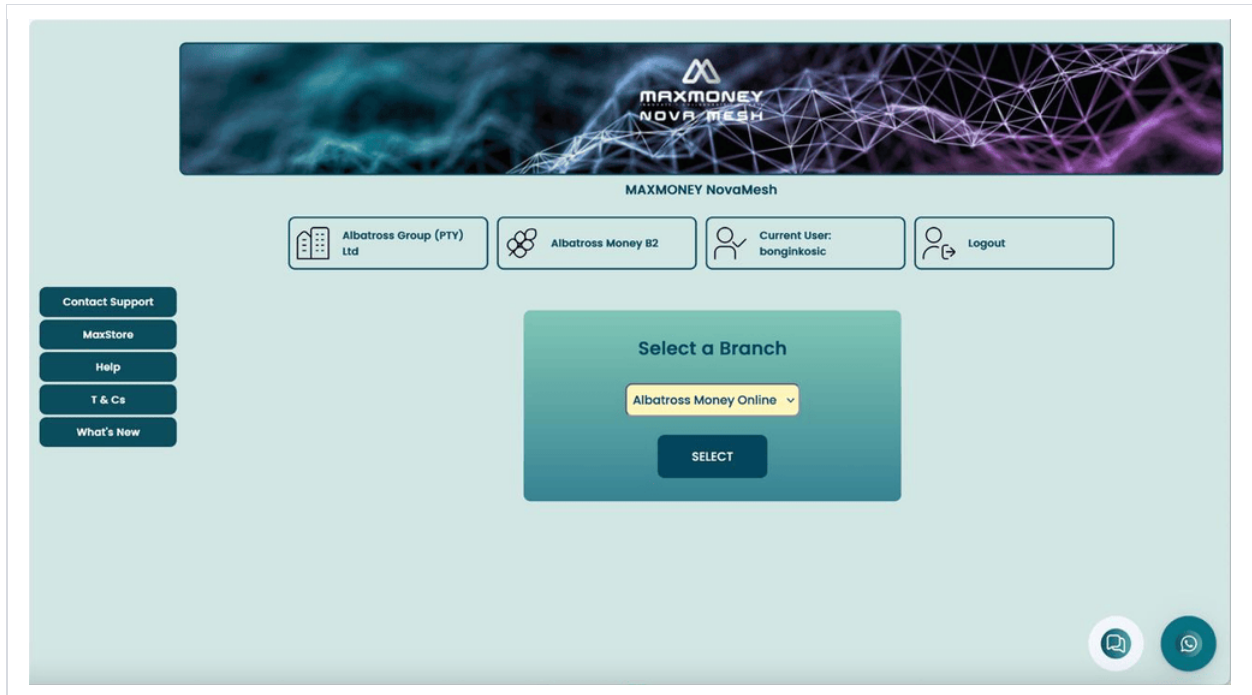

Figure 3 — Branch selection

04 Select a Cash Box

You will then be prompted to select a cash box. Always select “Cash Box 1.”

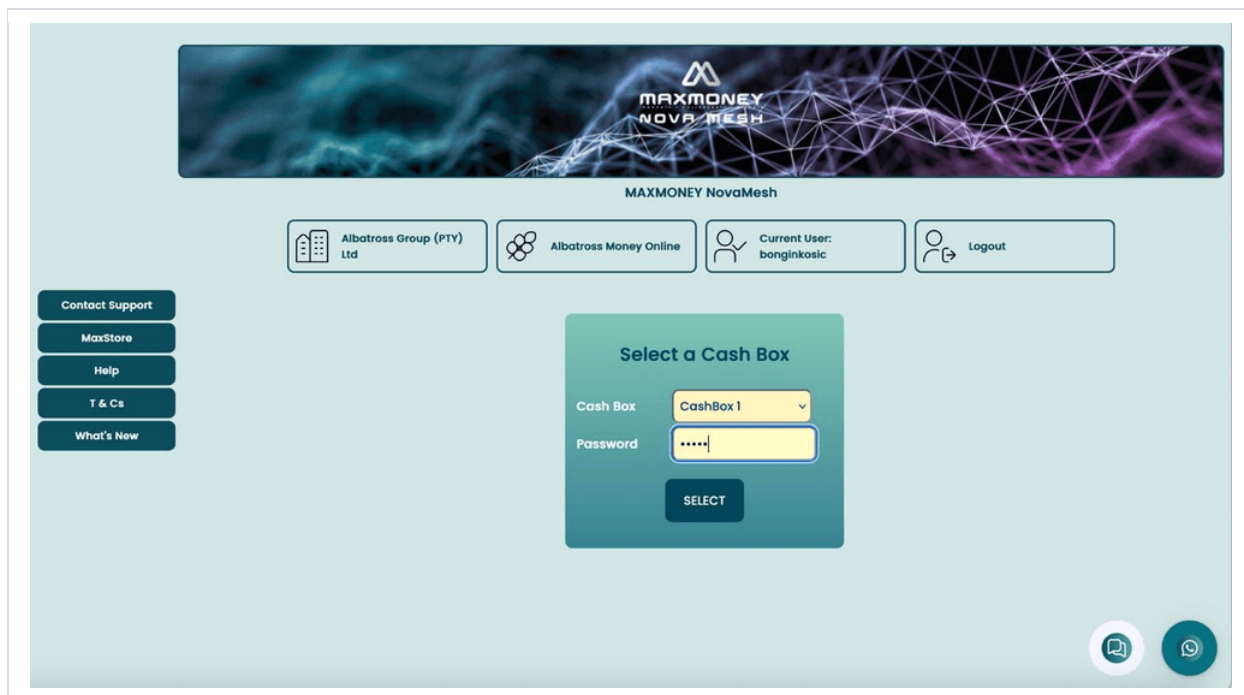

Figure 4 — Cash box selection

05 Open Client Administration

This opens the Client Administration screen, where you can add a new client or search for an existing one.

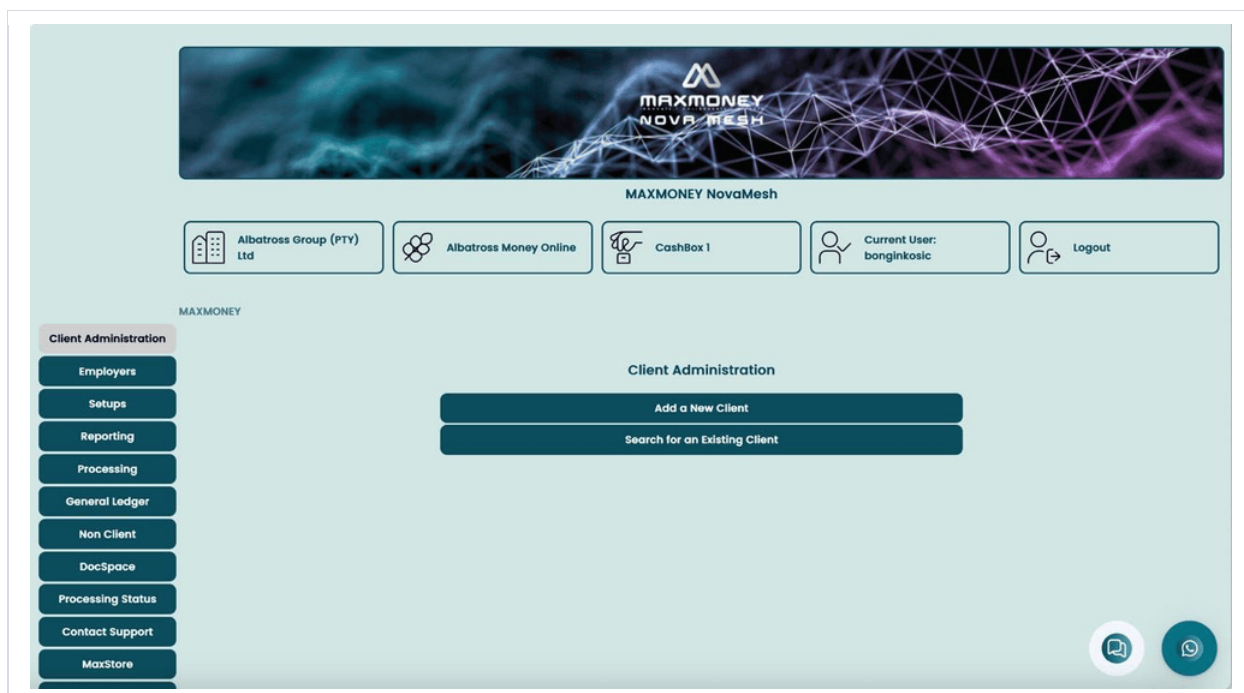

Figure 5 — Client Administration: add or search for a client

06 Capture the Client's General Details

Select “Add New Client” and complete the General tab with the client's core details. The example below uses Client 840, Edson Wagner, for illustration.

Reporting
Processing
General Ledger
Non Client
DocSpace
Processing Status
Contact Support
MaxStore
MIS Dashboard

Figure 7 — Employment details

08 Complete the Financial Tab

Capture the client's income and financial information, including gross and net monthly income.

Figure 8 — Financial details

09 Complete the Banking Tab

Add the client's bank account and, where applicable, a wallet, using the “Add a New Bank Account” and “Add a New Wallet” options.

Figure 9 — Banking overview: bank accounts and wallets

Selecting “Add a New Bank Account” opens the detail form shown below, where the account and card information is captured.

Figure 10 — Add a new bank account

10 Complete the Payback Tab

Capture the client's repayment details, including payback type, payment frequency, and authorisation settings.

Figure 11 — Payback information

11 Complete the Address Tab

Capture the client's physical and postal addresses, along with home and cellphone contact numbers.

Figure 12 — Address and contact details

Scrolling down completes the tab with fax number, email address, and the option to enrol the client.

Figure 13 — Address tab (continued): contact and enrolment

12 Complete the Other Details Tab

Capture additional client details, risk categories, marketing consent, and record information.

Figure 14 — Other client details, risk categories, and record details

13 Complete the References Tab

Add the client's references using the “Add a New Reference” option.

Figure 15 — References overview

This opens a detail form for the reference's personal, contact, and address details.

The screenshot shows a web application interface for adding a new reference. On the left is a vertical sidebar with buttons for 'Reporting', 'Processing', 'General Ledger', 'Non Client', 'DocSpace', 'Processing Status', 'Contact Support', 'MaxStore', 'MIS Dashboard', 'Help', 'T & Cs', and 'What's New'. The main area contains a form with the following fields: Title (dropdown), Initials (text), First Name (text), Full Names (text), Surname (text), Gender (dropdown), ID Number (text), Date of Birth (text with a 'Select' button), Relationship (dropdown set to 'Unknown'), Occupation (text), Home Telephone Number (text), Primary Cellphone Number (text), Work Telephone Number (text), Fax Number (text), Physical Address Line 1 (House/Building) (text), Physical Address Line 2 (Street) (text), Physical Address Line 3 (Town) (text), Physical Address Province (dropdown), Physical Address Area (dropdown), Address Code (text), Postal Address Line 1 (PO Box/Private Bag/House) (text), Postal Address Line 2 (Street) (text), Postal Address Line 3 (Town) (text), and Postal Address Province (dropdown). At the bottom right of the form are two circular icons: one with a speech bubble and another with a WhatsApp logo.

Figure 16 — Add a new reference: personal and address details

Complete the postal address and any additional comments, then save the reference.

This screenshot shows the bottom portion of the form from Figure 16. It includes the 'Postal Address Province' (dropdown), 'Postal Address Area' (dropdown), and 'Postal Code' (text) fields. Below these is a large text area labeled 'Comment:'. At the bottom of the form are two buttons: 'CANCEL' and 'SAVE'. The same two circular icons (speech bubble and WhatsApp) are visible in the bottom right corner.

Figure 17 — Add a new reference (continued): postal address and comments

14 Complete the Budgets Tab

Add a budget for the client using the “Add a New Budget” option.

The screenshot shows the MAXMONEY NovaMesh interface. At the top, there's a header with the MAXMONEY NovaMesh logo and navigation links: Albatross Group (PTY) Ltd, Albatross Money Online, CashBox 1, Current User: bonginkosic, and Logout. Below the header, there's a search bar and a list of tabs: General, Employment, Financial, Banking, Payback, Address, Other Details, References, BUDGETS (selected), Compuscan, Notes, Documents, and Take Picture. The main content area displays the client name "840 : Edson Wagner" and the section "Budgets". There are two "Add a New Budget" buttons. Below the first button, there are input fields for "From" (14/09/2026) and "To" (14/09/2026), followed by a "SUBMIT" button. A second "Add a New Budget" button is below that, followed by a "Close" button. On the left side, there's a "Client Administration" sidebar with various menu items: Employers, Setups, Reporting, Processing, General Ledger, Non Client, DocSpace, Processing Status, Contact Support, and MaxStore.

Figure 18 — Budgets overview

Complete the budget description, date, and type in the detail form.

The screenshot shows the MAXMONEY NovaMesh interface with the "Add a New Budget" form open for client 840: Edson Wagner. The form has a title "840 : Edson Wagner: Add a New Budget" and a warning message "WARNING: GROSS SALARY NOT FILLED IN". The form fields are: Description (text input), Budget Date (text input with a "Select" button), Available (checkbox checked), and Budget Type (dropdown menu set to "Standard"). At the bottom, there are three buttons: "CANCEL", "SAVE", and "SAVE & GO TO BUDGET DETAIL". The left sidebar is the same as in Figure 18.

Figure 19 — Add a new budget

15 Complete the Compuscan Tab

Use this tab to run or review the client's Compuscan credit enquiry history for a selected date range.

Figure 20 — Compuscan enquiry history

16 Complete the Notes Tab

Add any relevant diary notes for the client's file, and print diary notes where required.

Figure 21 — Diary notes

17 Upload Supporting Documents

Upload the client's supporting documents: ID document, payslip, proof of bank account, proof of address, and any combined documents.

Figure 22 — Document uploads

18 Take the Client's Picture

Finally, use the live video feed to capture and save a picture of the client, or upload an existing image.

Figure 23 — Capture and save the client's picture
